

MEMORANDUM FOR: Executive Secretary
Intelligence Research & Development Council

FROM: Executive Assistant to the DDCI

John,

The DDCI appreciated the attached. With the exceptions of Items 4 & 5, he supports your proposed listing of technical assessments. He would prefer that you hold up on [redacted] Program until he has briefings on them and learns a little more about them. We'll get back to you on those after he touches base with NSA.
